

Follow You [Lyrics, 125 bpm]

[Mainstream Worship]

Verse 1

Emerging from the depths, I come alive
From the grave where You found me
Reaching up to You, I took Your hand
You lifted me out of the ash

Verse 2

Your shining light, awakened me
To a life that's worth living
You were the one I'd been searching for
I found perfect love when I met you

Prechorus

Now I live in Your freedom
My past no longer holds me down
There's no fear when I'm with You
Oh I will follow You

Chorus

I'm chasing your heart
Nothing's gonna hold me back
From getting all of You

I'm chasing your heart
No matter what the world will bring
I will follow You

Verse 3

You wrapped me up in your open arms
To remind me of Your love
I'm turning away from everything
That stole my heart away from You
