

Just One Touch [Lyrics, 140 bpm, 6/8]

[Mainstream Worship] by Mainstream Worship

Verse 1

We need something to eat
Hungry for something more
We need something to drink
Thirsty for more of you

Verse 2

We need something to believe
Something better than the world and its lies
We need to taste and see
Something better than the bitterness
Invading our mouths and our eyes

Chorus

Just one touch is all we need
From You Oh God To be complete

Bridge

You took the punishment
That no one else could take for me
And You gave everything
So now I want for nothing
