

Own My Heart [Lyrics, 65 bpm]

[Mainstream Worship]

Verse 1

Cleanse my heart and flood my soul
Make me new in the light of hope
Immerse me in Your grace again
Restore to me, a joy within

Chorus 1

Jesus
Let Your fire fall from Heaven
Consuming every single piece of me
Until you own my heart completely

Until you own my heart completely

Verse 2

Cleanse my mind and let Your word
Fill my soul that's washed with blood
Still my heart as you draw near
Where perfect love replaces fear

Chorus 2

Jesus
Let Your fire fall from Heaven
Consuming every single piece of me
Until you own my heart completely
Until you own my heart completely

Bridge

Your presence here right now
Reaches the depths of me
Perfect me in Your love
In you I am complete

Your spirit falling down
Consuming all of me
Refine me in Your fire
In you I am complete
