Intro

Chorus

Bridge

Verse 1:

Here I am
Made up of everything I've been
Stained by the things my heart has done
Please never hide your face

Verse 2:

All my sin
Would you carry on your back again
Make clean the mess I'm living in
Your mercy can invade

Prechorus:

Your desire isn't sacrifice but
A broken heart is all you ever want
What I offer is a shattered spirit
Let my honest worship move your heart

Chorus:

You can have me when I'm broken
Here's my heart Lord, take the pieces
Let the fragrance of my worship
Fill the heavens with broken praises

Verse 3:

Come restore
The joy that I've been searching for
Come Spirit and revive my soul
Your power will sustain

Bridge:

I pour out my love, I pour out my love
And I give you what is left of me
You won't reject what I can bring

I pour out my heart, I pour out my heart
And I give you what is left of me
Come purify my offering
