## Verse 1

My life was stuck on repeat  
Not knowing I was in need  
You knocked me off of my feet  
You must be my missing piece

## Pre-Chorus

My heart did nothing til you gave it the beat  
You're the rhythm in me  
You're the rhythm in me

My soul was nothing til you set it on fire  
Turned my bones into life  
You got me (you got me) falling in love

## Refrain

Love  
Love, love  
You got me falling in love  
Love, love

## Chorus

Love like I never have known, out of control  
Love that can make any wall into a door  
Love that I won't stay away from anymore  
You got me (you got me)  
You got me (you got me) falling in love

## Breakdown

### Verse 2:

I wish before I had seen  
That you've always been in reach  
I'll follow, you take the lead  
Of the path that's in front of me

## Bridge

You have everything I've ever wanted  
Always patient always kind  
Not one second spent with you is wasted  
In your love I come alive
