Verse 1
```
        A
I wasted so much time
          C#m           B
Trying to do this thing all on my own
                   A
Felt like an endless climb
            C#m
A path that left
         B
my heart without a home
```

PreChorus
```
      A
When I felt the distance

My soul was on empty
      C#m           B
You still called me to be free
      A
When I felt unworthy

Your grace pulled me closer
      C#m       B
In You I find identity
