Intro

Verse 1:
Something happened when I first met Jesus
He forgot my sins and showed me love
And all it took was saying "yes,"
Then trusting Him to do the rest
That's what happens when you live for Jesus

PreChorus:
You see I'm different now
New day, new mercy found
Old ways are in the past
Can't doubt it, I'll shout

Chorus:
I'm changed!
Nothing is the same
I'm changed!
My God saves
His grace gave me a better way
Shaking off the chains of yesterday

Changed!
Nothing is the same
I'm changed!
My God saves
His grace gave me a better way
Shaking off the chains of yesterday

Verse 2:
Something happened when my shame lost power
Perfect love drove out my every fear
Now I can live completely free
'Cause Jesus gave his life for me
I can't help but tell the world about Him

Bridge:
Oh come and see
What He did for me

How deep His love can be
I don't walk the same
I don't talk the same
Jesus changes everything
