Intro

Verse

Your perfect love removed my shame
And with the cross gave me freedom's name
I've known nothing like this love
This gift of grace I don't deserve
Provided more than I could ever earn
Such a priceless life you gave

Prechorus

You've seen it all and still want my heart
How could I ever leave this
My doubt is replaced with freedom and faith
Oh I am holding you close

Chorus

I won't let go
Of your love, this hope
I'll follow with a purpose
Cause you alone deserve
My life my all
My soul is yours
I give all unto your presence
Cause Your love for me is endless

Turnaround

Verse 2

There's nothing else worth more than this
Your tender heart healed my brokenness
In your arms you make me whole
I'll lose it all to gain the truth
Give everything cause none compare to You
Fully giving you control

Refrain

Interlude

Bridge 1

Jesus
The only thing I'm after is your presence
When all that's left is you and I together
Till every breath I have surrenders
Till I sing with heaven
I'm yours forever

Bridge 2

Jesus
The only thing I'm after is your presence
When all that's left is you and I together
Till every breath I have surrenders
Till I sing with heaven
I'm yours forever
