Verse 1 :

Every way that you've made straight
Is a path that I've laid waste
And I wandered
And I wandered

Every chance you ever give
Is a good and perfect gift
I have squandered
I have squandered

Pre-Chorus 1 :

I made the world a treasure
That I paid for with my soul
Traded family for fortune
And lost it all, lost it all

Verse 2:

Every truth you spoke to me
was advice I didn't heed
I was barren
I was barren

Every promise meant for peace
Not that bed of misery
I lost sleep in
I lost sleep in

Chorus :

So I walked out holding nothing
Bare heart and flesh and bone
Holding out no hope that you'd even call me your own

But You saw me from your window
On a street I used to know
You ran out to meet me fell on my neck
And then you brought me home

Bridge 1 :

When everything came unglued
Lost everything except you
It doesn't get better than this
It doesn't get better than this

My clothes were tattered and stained
You put a robe around me
It doesn't get better than this
It doesn't get better than this

Bridge 2 :

You put a ring in my hand
Made me your child again
It doesn't get better than this
It doesn't get better than this

You brought me back from the dead
I know this isn't the end
It doesn't get better than this
It doesn't get better than this
