Verse 1

I wanna feel Your spirit near me
Like a breeze that brushed against my skin
I wanna hear Your voice so clearly
Like a gentle whisper in my ear

Verse 2

I wanna let Your way take over
Like a wave that's crashing over me
I wanna see You move in power

PreChorus 1

Like You did back then
In the Upper room

Chorus

Here's my invitation
Yielding to Your presence
As you renew my heart and mind
Transforming my whole life
Spirit lead me
Show me what I'm missing
With my hands lifted high
I surrender my whole life

Verse 3

I wanna feel Your presence moving
Like a mighty rushing wind again
I wanna hear the sound of heaven
Like a melody that fills my soul

Verse 4

I wanna let Your oil run down
Like the rain, it's washing over me
I wanna see a glimpse of heaven

PreChorus 2

Like they did back then
On the earth again

Chorus

Breakdown

Bridge:

Come like a rushing wind
Blow through our midst again
Breathe within, come and breathe within
Come like a roaring fire
Consuming all of me
Burn within, come and burn within
