## Verse 1

You  
The first glimpse of You  
Left me feeling a way that I couldn't  
shake so i'm sticking with You

New  
Now I'm feeling brand new  
All the things from my old self are gone,  
and You took the weight off, feeling new

## PreChorus

So I'm cutting all ties  
that lead back to previous days  
And I'm running straight for You,  
I'm locked in, I'll finish the race

## Chorus

Fresh start, New heart  
Fresh start I'm living new now  
New heart It's all for You now

Fresh start, New heart  
Fresh start I'm living new now  
New heart It's all for You now

## Turnaround

## Verse 2

Knew  
Everything I knew  
Didn't answer the questions I had,  
so I left in the past all I knew

True  
You're undeniably true  
So I'm building my life on You,  
because You are the way and the truth
